BIG LONG LAKE

Association Membership Dues Notice!

2022 Big Long Lake Association

Membership Annual Dues: \$40

What does the Association do on your behalf?

LARE Grants

One of the biggest services is filing paperwork for LARE grants and working with the DNR to get large areas of the lake sprayed for weeds. This is a very expensive project and while the Association cannot fully fund spraying the entire lake, it has helped fund and get funding for this huge effort.

Clubhouse

Clubhouse maintained for rental and activities to Big Long Lake Members.

Sponsors Many Fun Lake Events Throughout the Year.

DNR Projects - Lake

The Association works with the DNR on projects such as dam maintenance, fish studies, public access use, dredging, and weed control.

Control Geese Population

Each year volunteers through the Association, capture and remove Canada geese from the lake and take them to another location. This not only controls the Canada geese population, but the waste they leave behind.

Fireworks

The Association funds the awesome fireworks that have made the Fourth of July weekend a highlight for not only residents of Big Long Lake, but their many guests as well. Costs to the Association for fireworks is \$12,500. All additional donations help offset this cost so that we can maintain the quality of fireworks show we are used to each year.

School Scholarship Award

A \$500 scholarship award is given out to one lucky senior each year.

BLL Directory

Next year, members will receive a new Lake Directory which is sponsored by the Association and it's advertisers. Interested in an ad? Contact us.

The next issue will come out in June 2023.

Send directory updates or inquiries for ads to: directory@biglonglake.net

Support County Agencies

Support our county agencies such as Stroh Fire Dept & More.

And lots, lots more...like the Road Emergency Signs and the Buoy Project.
